About us

**“Sunshine is delicious,
rain is refreshing, wind braces us up,
snow is exhilarating; there is really no such thing as bad weather,
only different kinds of good weather.”**

As parents, we want you to feel happy with in the knowledge that, whilst you are sat in your office, your child is running around outside pretending to be a pirate on a ship made of logs, or building dens to play mummies and daddies whilst cooking in the mud kitchen.

***We train the
right staff to
do the right
job!***

The owners of Chapter One Childcare, Jon and Diane Gillam have over 40 years' experience in the setting up and managing of crèches and children's day nurseries. Caring for children of all ages, Diane is committed to ensuring that excellence in care is delivered. Jon is the Financial Director.

Diane's duties and responsibilities are checking that standards are adhered to, supporting the management team and delivering staff training to support development and progress within the working teams. We have a strong management team which has been built through succession within the company over the past 15 years. Each of our managers has a strong belief in our ethos and support each other. We hold management meetings regularly to share good practise and discuss developments within the nurseries to support outdoors. Managers and owners regularly attend training, especially outdoor training, so we can also lead from the top in the right direction!

The benefits of a nursery setting is the extension of family feeling and the being involved in development of the nursery from the beginning. Parents are our partners in learning and we will display excellent communication by not only daily face to face contact and making time for discussion, but we also share information via Facebook—Website updates, latest new publications and parent evening as well as online learning journals. We have a settling in procedure to welcome families into nursery and work with parents setting out individual care plans.

Working in partnership with parents is central to the way in which we work. Early years practitioners need to find out about children's early experiences from parents so that we can best plan for their learning.

All contributions from parents are welcomed. Helping out during sessions, sharing their interests or cultures with children and taking part in discussions about the provision all provide the opportunity for parents to learn about the life of the setting and about young children's learning, in the setting and how this can be supported at home.

This all forms a great partnership to ensure your child get the support to meet their individual needs.

Our Ethos

We believe that learning should be fun and fun should be learning, learning happens everywhere especially in an ever-changing outdoor environment. Our focus is on the children they are the future and the most important people and they should be treated so. We expect our teams to see learning from the child's point of view by getting down to their level, only this way do we see what they are seeing everyday.

As adults, we are here to enable play opportunities and therefore learning opportunities, we will not get in the way of natural learning experiences. We will simply match the curriculum with the children's interests and needs.

We want children to learn without even realising they are doing so.

Our Aims

- We aim to be different and provide children with a hands on approach to learning.
- By trying and doing, instead of hearing and seeing. For the children to lead their play and experiences and for us to provide a safe and naturally stimulating environment.
- For our children to become confident , responsible, effective and successful in all they set out to do.
- To work in partnership and consult with other professionals, our parents and our young learners.
- To extend the hands on learning approach to our staff teams with encouragement for self development and training.
- To acknowledge never-ending improvement through self evaluation and peer reflection.

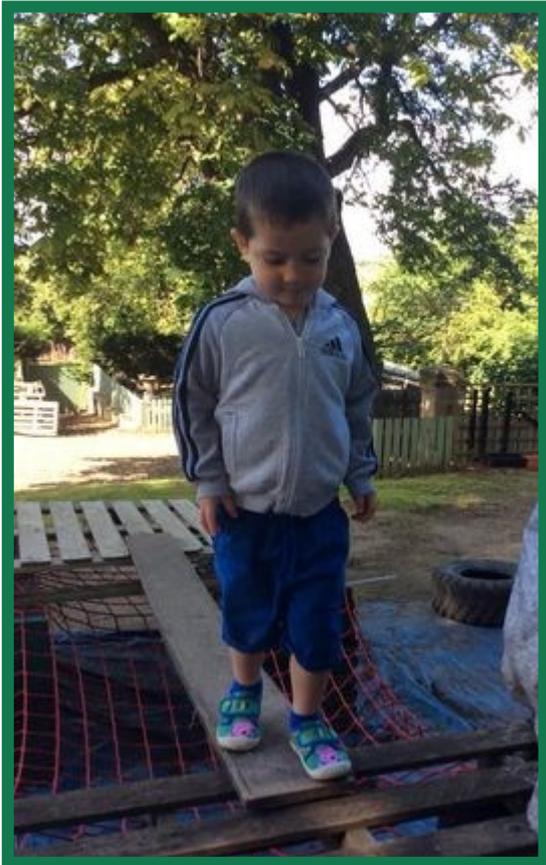

Teaching to manage Risk

Taking learning outdoors gives children the opportunity to learn in an ever-changing environment. Colours, temperature, textures and sounds within the outdoor classroom change daily, creating a more sensory and stimulating learning experience, offering greater challenge.

We believe children should get to know the world through real life experiences outdoors. We teach our children about risk and how to manage them as we believe this is highly important as many children live in a protective bubble, completely sheltered from any form of risk taking. Without taking risk, how can we expect children to make good judgements when needed.

We teach this through various activities such as climbing trees, walking down slippery slopes, getting back up again.

Using junior saws and drills and using the fire pit for cooking and thought sharing. All of this with outdoor first aiders and fully trained and capable staff by their side.

Pre-Birth to Three framework, within natural environments

Whilst babies and young children are eager to learn and make sense of the world, they require positive and consistent relationships to support them in this journey. Babies are 'programmed' to look to other people to help them make sense of their world and we are here to set the best role model and to ensure the children feel safe and secure to explore all of their surroundings inside and out!

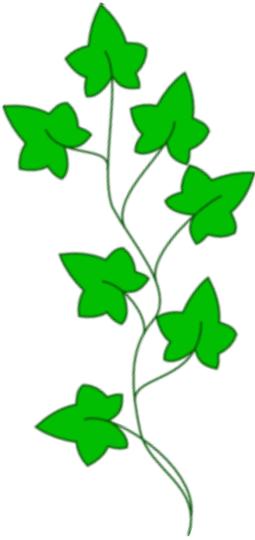

Curriculum for Excellence through outdoor learning

Curriculum for Excellence offers opportunities for all children and young people to enjoy first-hand experiences outdoors.

Such experiences inspire passion, motivating our children and young people to become successful learners and to develop as healthy, confident, enterprising and responsible citizens.

The core values of Curriculum for Excellence echo the key concepts of outdoor learning: challenge, enjoyment, relevance, depth, development of the whole person and an adventurous approach to learning.

Below are a few examples of how we at Chapter One Childcare teach the Curriculum for Excellence through outdoors and natural indoor environments.

“chapteronechildcare”

Why choose us?

Because you want the best for your child!

High quality childcare, with excellent grades.

Big developments in outdoor learning.

Strong belief in staff development & training.

We are privileged that every year hundreds of parents make the choice to let us share their family care for their children, in the knowledge that they are in caring, fun and safe environments.

We pride ourselves on having a pro-active management team who lead the teams of staff through continuous development to engage children in early learning experiences.

Quality controls are in place to ensure that the highest of standards of care are given within safe and stimulating environments.

Chapter One Childcare consistently achieve high grade judgements at statutory inspections. Grading's are for 'Excellence' and 'very good', Identifying the quality in care and learning to meet children's needs as individuals. Our expertise in childcare means we are actively contributing within the council's development of education being part of two pilot scheme initiatives, 'Health and Wellbeing' and 'Numeracy and Mathematics in the Early Years'

Quality childcare is often something you would see when people describe their provision—the difference is, for us , it's not just a statement.....

It's a fact and something we practice in our every day work!

**We look forward to starting your
child's first chapter together!**
